Ag and Industrial Technology Meeting Cancelled Again

The Ag and Industrial Technology meeting which was to be held in mid March, but was postponed due to bad weather, and rescheduled again for April 18 has been canceled. The cancellation is due to an FFA contest being postponed last week due to the weather and rescheduled for the 18th. The MRVED will try to schedule a tour for each group next Fall. Mother Nature was not very cooperative this year!

MRVED Summer Professional Development

The MRVED Summer Professional Development information is out and can be found on the MRVED website. There are a variety of sessions for you to choose from. Many of the sessions are free, but please take note of the sessions that will require a payment. If your school does not pay for your summer professional development, please see the section in the flyer on payment. Sessions must have at least 10 people registered for them to be held. You have 3 weeks to register, so please register by Friday, May 10 at 3:00 p.m.

MRVED Principals' & TAC Combined meeting has been rescheduled

The above meeting will be held on Tuesday, May 7, 2013, at the MRVED offices. Coffee and rolls at 8:30 a.m. with the meeting to start at 9:00 a.m. Check mrved.com under Advisory Councils for complete agenda.

TIP/RESOURCE OF THE WEEK

The dreaded, but long-awaited end of the school year is approaching. As a teacher, you are either met with panic about what yet needs to be completed (especially with so many snow days), or you are stuck trying to figure out what you will do with the tacked on days at the end of the year. If you are looking for ways to keep your students engaged all the way to the end, check out the links below.

[Super Teacher](#)
[Education World](#)

Great resources and printables to use with elementary aged students.
Lots of activities for younger students.
Tons of ideas for all ages!

i3@MTC

Don't forget to tell your 4th-12th grade students about the [i3@MTC](#) this weekend in Willmar. This is another great opportunity to extend the learning beyond the classroom. Also an awesome way to get parents involved in the learning as well.

April 24
Superintendents' Council

April 24
MRVED Board (7 p.m.)

May 7
Principals' & TAC
Combined meeting

May 22
Superintendents' Council

TECH TIPS

Class Charts - [Class Charts](#) is a website designed for teachers to create seating charts and track behavior. You can even collaborate with other teachers with Class Charts. It also works well on your iPad or tablet computer. The best part is it's free! Give it a try this 4th quarter!
