Last Day to Register for MRVED Summer Professional Development

The MRVED Summer Professional Development information is out and can be found on the MRVED website. There are a variety of sessions for you to choose from. Many of the sessions are free, but please take note of the sessions that will require a payment. If your school does not pay for your summer professional development, please see the section in the flyer on payment. Sessions must have at least 10 people registered for them to be held. Friday is the last day to register, so please register by Friday, May 10 at 3:00 p.m..

TIP/RESOURCE OF THE WEEK

MRVED YouTube Channel

The [MRVED YouTube Channel](#) has lots of great “how to” videos and every MRVED update from this past year. The “how to” videos range from Google Docs to iPad apps, to Twitter and Diigo. If you are ever in need of a “how to” video, contact Brandon and he will create one for you and place it on the MRVED YouTube Channel for the benefit of all.

History Live from Minnesota Historical Society

[History Live](#) is a program from the Minnesota Historical Society that brings live historians into your classroom in a fun and interactive way. Cost for most 45-60 minute sessions is \$75 to Minnesota school districts. Sessions are cross-curricular and aligned to the Minnesota standards for social studies. This could be a great way to keep your students engaged in May.

Live interactive video lessons.
Anywhere in the world.

TECH TIPS

Turtle Diary - Primary teachers will want to take note of [Turtle Diary](#). Turtle Diary has lots of games for every content area. The games are categorized by grade level and content area. The search feature is fairly robust and offers a great way to find what you are looking for. Give it a look-over today.
